#### Camp Made Beside Heated A-A and Many Get Close View of Volcanic Grandeur

(By Dr. E. S. Goodhue)

KAILUA, Kona, Jan. 16.—It all began Thursday, Jan. 10th, at about 12:30 o'clock a. m., having been preceded by fifty earthquakes at Kapaeha Ranch, two or three of which were felt generally. There was quite a shock on Saturday night at Honolulu. From here in the early morning of Thursday could be seen the red glow over towards Kona. Mr. Thos. C. White of Kailua

was among the first to notice the sky and to let others know that something unusual was going on.

Messrs. L. P. Lincoln and Geo. Macdonald were first at the spot on the Kona side and, of course, went to the edge of the first or Kahuku flow. Mr. White and one or two others took the steamer for the Kona side.

**FIRST PARTY TO FLOW**  
Sunday evening (Jan. 13) Mr. and

Mrs. August, Mr. and Mrs. M. F. Scott, Misses Ching, Miss Carlson, Mr. Driver, Miss Beard and party of five, Mr. Yates and three policemen, all of Kona, arrived at the scene.

#### MILE WIDE FLOW

This flow about a mile wide, from fifteen to thirty feet deep, descended the side of the mountain over an almost barren expanse, covering and possibly overlapping a little the area comprising the flow of 1887. It had reached the road before the party came to the Kona side, early Sunday morning, for telephone messages failed to pass at 9 o'clock. Sunday night this flow reached the sea, a distance of about twenty-five miles. All in Kailua, Kona, about five miles from the Manuka flow, which began the next day at 2 p. m.

#### LOCATION OF CRATERS

There will be nothing absolutely certain as to the location of the crater craters, of course, until some one has returned from there to report, but it seems evident that the flow began lower down than the crater of Moku-

wee; that the Kahuku or first flow began a little higher up the mountain than the flow of 1887, and the Manuka, a second flow, a little lower down than the Kahuku flow, probably out of the north side of the 1887 flow. This is the opinion of Mr. L. S. August, who is conservative and knows the country.

#### MANUKA FLOW

The Manuka flow came down over the lands of the same name towards Kapaeha, as I said, five miles on the Kona side of the first flow and five miles from the boundary between Kona and South Kona. It flowed towards Kona, then back below the road, forming a crescent. It reached the Government road at noon January 14 and will probably get to the sea tonight (January 16).

Yesterday the branch which Sunday night seemed to be coming our way and then stopped, reached the site of our camp late on Tuesday, and crossed the road on its way seaward.

#### STILL ANOTHER FLOW

There was every appearance of an

other independent flow starting in the direction of the Kahuku flow of Thursday.

Tuesday night the exhibit was very brilliant with more scintillations and

mountains playing than previously.

There was no rain on the spot either of the nights, though it rained nearly all the distance from Honolulu to Kapaeha Monday, when most of the visitors ar-

ived. Sunday night the wind blew over the flow towards the camp, but Monday the breeze kept the smoke away. (Continued on Page 3)

LAVA FLOW WHERE IT CROSSES GOVERNMENT ROAD

### Jamaica Coast Line Changing

HAVANA, Cuba, Jan. 18.—The coast line of the island of Jamaica is sinking. There is no bay left at Kingston and the south side of the city is submerged.

**ADMIRAL DAVIS' REPORT**  
NEW YORK, N. Y., Jan. 18.—Admiral Davis reports that there are 400 dead in Kingston and 500 in the hospitals.

### Ballinger Land Man

WASHINGTON, D. C., Jan. 18.—Richard Ballinger, of Seattle, has been appointed General Commissioner of Public Lands, vice Commissioner Richards of Wyoming.

Richard Ballinger was for two terms Mayor of Seattle and was defeated for the Republican nomination of the Republican party in the convention held in March of last year.

**KILLED BY SCHOOLBOY**  
SMOLENSK, Russia, Jan. 18.—The chief of the Department of Rural Administration in this district was assassinated today by a schoolboy who was killed by the police before he could escape.

**RAISE PAY**  
WASHINGTON, D. C., Jan. 18.—The House of Representatives voted today to increase the salary of its members from \$5,000, to \$7,500, per annum.

You can lead a jackass to water, but you can't make him drink it—unfiltered.

### Will Raise Teachers' Salaries

The teachers, whose salaries were reduced in the big general cut which took place when the Government started in 1905, will probably have them brought up again after the next meeting of the Legislature to the former figures.

Governor Carter at a late hour last night concluded his work on preparing an estimate for the Legislature of the running expenses of the Government for the coming biennial period. The work has occupied the time of the Governor for the past ten days to the practical exclusion of everything else. After receiving the estimates of the heads of the various departments for what they think they will require for the period, the Governor got the estimates of the Territory's income for the same period. It was then a matter of making the two agree.

This meant a lot of slashing. No department escaped. The blue pencil was, through necessity, used pretty freely, and the departments will all have to get along with less money than their heads thought they should have. This is not because the Governor wants to give them less, but because (Continued on Page 2.)

### WONDER!

They wonder at nothing over in the new camp of Wonder except the richness of their ore, and they have made so many rich strikes in a short space of time that even these are gradually being looked upon as ordinary, everyday occurrences.

Although this far-famed mining district is now only about six months old ore of shipping grade has already been opened up in more than thirty different places, and all authorities concur in the opinion that WONDER will be the scene of the next big excitement and will rival Goldfield for richness and wealth-producing capabilities. The ore is there in IMMENSE QUANTITIES.

#### Wonder Silver Star

Is surrounded by producers of high grade ore. A massive outcropping ledge runs almost the entire length of Wonder Silver Star's two claims (which endline) and is intersected by a highly mineralized cross-vein on the north end of Silver Star No. 1 claim. Mining experts agree that at the intersection of these two enormous veins will be found a mineral deposit of fabulous richness. Surface assays of \$80 per ton are readily obtainable from this valuable property, and all indications point to this fine value being trebled at depth.

The company is offered by some of Goldfield's most successful and enterprising mining operators, whose names alone are a guarantee of honest, progressive and capable management.

#### A Small Allotment of Stock at 25 cents

The company is receiving subscriptions for a limited amount of treasury stock at 25 cents a share, the proceeds to be used for the active development of the property. Prospective subscribers must send us their orders at once, so that they may participate in the first allotment.

San Francisco, California.

### POLICE AND LAVA OUTBREAK CHIEF FEATURES

Territorial Treasurer Campbell has received a communication in regard to a liquor license for Napoosoo which is vigorous if slightly mixed. It is from the principal of the Napoosoo school. The matter of the license in question is to be decided tomorrow. Following is the text of the letter:

Napoosoo, Kona, Jan. 15.

A. J. Campbell, Esq., Territorial Treasurer.

I understand that there is another applicant for a license to sell liquor at Napoosoo. I sincerely hope that you will not grant a license. Judging from the fights, swearing, dirty language and shameful kind of evil practiced at the coffee shop, saloon, store, victualing place or whatever you like to call the Chinaman's, C. Ahn's, place in Napoosoo, one agent for the destruction of the Hawaiian kindred (children included) morally and physically. Is enough, and outside of the outbreak of lava at Mokuaweewe, the greatest feature of the present state of affairs here is the insolence of the police.

R. LEVENSON OGILVIE,  
Prin. Nap. School.

**YOU leave the order  
WE do the rest.**  
Selected PINEAPPLES and BANANAS. Next steamer the Alameda, Jan. 16th.  
WELLS-FARGO OFFICE,  
KING ST.

### Siemens Hangs On March 22

SAN FRANCISCO, Cal., Jan. 18.—Louis Dabner and John Siemens, the two gaspige thugs and murderers, have been sentenced to hang on March 22.

#### EUROPE KEEPS SHAKING

LONDON, England, Jan. 18.—Earthquake shocks have been felt in Scotland, Italy and Russia.

#### Fine Job Printing at the Bulletin.

Do not let care get away from you when you have papers of value to be kept. We have safe deposit boxes for rent for four dollars a year and upward. There is no danger of loss by fire or burglary.

**HOLLISTER  
DRUG CO.**  
ESTABLISHED 1879

### Clothes as a Help In Life

To be correctly clothed will make friends and unlock doors everywhere. The time is past when education was an all-sufficient passport and a guarantee of at least moderate prosperity. Nowadays a man is measured by his clothes as much as by his knowledge. Society and business life demands of its members the observance of a certain code in clothes.

Good taste counts for more than money in this matter, and good taste is always assured in Correct Clothes for Men, bearing the label of ALFRED BENJAMIN & CO.

**THE KASH CO., LTD.,**  
TELEPHONE MAIN 25.  
COR. FORT and HOTEL STREETS.

### Once Too Often

a man is careless in the bestowal of his valuable documents and the thief in the night carries away that which may make the lawful owner poor indeed.

Such unfortunate contingencies may be guarded against by securing a safe-deposit box in our fire-proof vault. The price is nominal—\$5.00 per year—and you are furnished with a key. Also there is a private room for your benefit when you wish to examine your papers.

**Hawaiian Trust Company, Ltd.**  
Fort St. Honolulu

### The Money You Received Christmas

THIS SHOULD NOT BE SPENT FOOLISHLY. WHY NOT TAKE THAT CASH AND INVEST IT IN A DURABLE ARTICLE OF FURNITURE. SEE HOW MUCH YOU CAN GET FOR IT AT THE STORES OF

**J. HOPP & CO.**
